

HPI spare parts are available from good RC hobby shops, so it's easy to repair and tune the Jumpshot MT V2i Tools are also included to do repairs yourself, from changing the tires to motor!

SPARES & REPAIRS!

TOUGHER

BRAND NEW MATERIALS AND DESIGNS

A new metal idler gear, tougher diff and spur gears, reinforced camber link, plus a stronger servo saver mean that the V2 really means something when it comes to the HPI Jumpshot trucks!

BRAND NEW LOOK!

Bright and loud colors in a brand new monster truck racer scheme, extra-cool bright chrome wheels and huge, tall profile all-terrain tires all add up to a look and style that will definitely turn heads!

MEANER

FASTER TOUGHER MEANER!

NEW PARTS & UPDATES

The Faster, Tougher, Meaner! Ethos of the Jumpshot V2 trucks means you get several new parts & updates to make sure the Jumpshot mt is your first choice when it comes to fun and exciting rc action!

SUPER-POWERFUL 12-TURN, 550-SIZE MOTOR

The bigger size of motor gives the Jumpshots tons of extra torque for fast acceleration and maximum jumping power! Enhanced gearing from the new and improved pinion & spur gear combination means you get the best of both worlds: wild acceleration from a standing start, plus crazy fast top-end speed!

OPTIONS!

The list of HPI option parts for the Jumpshot MT V2 includes aluminum suspension upgrades, wheels, tires, motors, servos and more - the possibilities for customization are endless!
