New! Belted Drag Slick Tires and DR10 Purple Shock Springs

#72109 Belted Drag Slick Tires

Lower your elapsed times with these high-performance belted drag slicks.

- Tires will not balloon out during use
- Soft rubber compound for No-Prep RC drag racing
- Overmolded Polyester belting for better dimensional stability
- Lightweight carcass design
- Standard 2.2"/3.0" bead

#72101 Shock Springs, purple

A stiffer spring than stock that increases stability and traction on smooth, high-bite surfaces.
