

For Immediate Release: March 29, 2023

New! RC10B6 Factory Team Titanium Hex Adapter Front Axles

(Pictured: #71181 RC10B6 FT Titanium Hex Adapter Front Axle, installed on the RC10B6.4.)

#71181 RC10B6 FT Titanium Hex Adapter Front Axles

RC10B6 Factory Team Titanium Hex Adapter Front Axles enables the RC10B6.4 buggy and truck series to add clamping hex adapters on the front axles. Made in light and durable titanium alloy, the front axles have a cross pin to allow racers to tune the width with 12mm blue aluminum clamping hex adapters.

Features:

- Durable CNC machined titanium
- Fits Factory Team 12mm clamping hex adapters (not included)
- Includes: two M3x6 BH screws and two axle cross pins
- Fits: RC10B6.4, RC10B6.4D and older RC10B6 models
- Accommodates these hexes: #91862 (4.0), #91609 (5.0), #71034 (6.0), #91610 (7.0), #71014 (8.5)
