

For Immediate Release: March 17, 2021

NEW! RC10B6.2 and RC10B74.1 FT Aluminum Rear Hubs

#91877 RC10B6.2 FT Rear Hubs, blue aluminum

#91878 RC10B6.2 FT Rear Hubs, black aluminum

#92270 RC10B74.1 FT Rear Hubs, blue aluminum

#92271 RC10B74.1 FT Rear Hubs, black aluminum

Upgrade your Team Associated race kits with the NEW FT Aluminum Rear Hubs. Available in anodized blue or black aluminum with laser-etched FT logo, these hubs add an extra level of bling and precision to your rides. With two set screws to further secure the hub and hub insert to the hinge pin, you can be sure these hubs will stay consistent run after run.

Features

- Available in either blue or black anodized aluminum to add that extra level of bling and precision to your rides. Set screws are included to further secure the hub and hub insert to the hinge pin so you can be sure these hubs will stay consistent run after run.
- Use #92270 (blue) or #92271 (black) as a direct replacement for the #92267 Rear Hubs on a 4WD B74.1 and B74.1D, and 2WD T6.2 and SC6.2.
- Use #91877 (blue) or #91878 (black) as a direct replacement for the #91857 Rear Hubs on the RC10B6.2 and RC10B6.2D, and RC10B6.3 and RC10B6.3D.
- Hub weights (not including hardware):
#91877, 91878: 10.3g ea.
#92270, 92271: 8.5g ea.
