

For Immediate Release: April 25, 2024

#20186 Reflex 14B Kit

ELECTRIC ▪ OFF ROAD ▪ 1:14 SCALE ▪ 4 WHEEL DRIVE ▪ KIT

Team Associated has been at the leading edge of off-road fun for over 40 years and is proud to introduce the 1:14 scale Reflex 14B Kit 4WD electric buggy in kit form. You know this buggy was designed with performance in mind: the adjustability offered by the turnbuckles, springs, fluids, shock tower hole placement, gearing, and included Factory Team parts make the Reflex 14B Kit perfect for any terrain you can throw at it. Additional features include three sealed differentials, aluminum steering rack, and lightweight aluminum center driveshaft. These innovations have increased the potential for grip and corner speed, which leads to faster lap times and an overall thrilling-to-drive feel. With the Reflex 14B kit, you can now have big performance in a small-scale package!

You can always count on the durability, speed, and lineage of a champion with any Team Associated race platform.

Electronics are not included.

Reflex^{HB}

OFF ROAD BUGGY

Factory Team aluminum wheel hexes

Three sealed ball differentials

Molded tub chassis with covered center driveshaft

Factory Team threaded racing shocks

Aluminum steering rack

Front universal driveshafts

Turnbuckles to adjust camber and toe
