Fox Factory Holding Corp. (FOX) designs and manufactures performance-defining ride dynamics products. Associated is pleased to feature new SC28 short course body livery with a name synonymous with high performance and short course championship racing.

So grab a friend and create your own short course truck racing Series. Rip around the corners, fly over the jumps, and speed across the finish line! Will you make it to the winner's circle?

RC Driver wrote in April 2017 of our initial release of the SC28, "I was a little skeptical at first about how the SC28 might handle, but my skepticism was put to rest at the first pull of the trigger. It's great indoors on most carpets and tile and will definitely provide hours of fun on tiny, makeshift courses."

UPC: 784695 201545	#20154	SC28 RTR FOX Edition	MAP: \$49.99	MSRP: \$69.99	Available November 2017
