**12 AMP** Bluetooth

**Important Customer Note:** Accessing some charger features requires a mobile device with Bluetooth™ capability (sold separately) and the Traxxas Link Live application. Ask your hobby dealer or contact Traxxas for more information.

- Monitor and control up to 4 chargers at once
- Receive alerts when charging is complete
- Access advanced user functions and information
- Parental lock for worry-free ID-only charging
- Full manual control through the app

Connect to the EZ-Peak Live app on your mobile device to experience a high definition graphical user interface. Powerful 12-amp output charges batteries faster.

For safer, worry-free operation, use Traxxas iD batteries and follow all supplied manufacturer instructions and warnings. Never leave charging batteries unattended. Do not exceed battery manufacturer's recommended charge rate.
