Content of catalogue / Katalog Inhalt / Contenu du catalogue:

HRC Racing:	The Rally Legends:
3 Batteries / Akkus / Accus	145 RC cars / RC Autos / Autos RC
10 Battery Holder / Batteriehalterung / Boitier de piles	146 Option parts / Tuningteile / Pièces option
11 Tape / Klebeband / Bandes collantes	
12 Switch & adapter / Schalter & Adapter / Interrupteurs et adaptateurs	Ultimate Racing:
13 Chargers / Ladegeräte / Chargeurs	148 Lubricants / Schmiermittel / Lubrifiant
14 Chargers accessories / Lader Zubehör / Accessoires de chargeurs	148 Accessories / Zubehör / Accessoires
14 LiPo safe bags / Lipo Brandschutztasche / Sacs de sécurité LiPo	149 Oil range / Öl Sortiment / Assortiment d'huile
16 Charger leads / Ladekabel / Câbles de charge	153 Screws range / Schrauben Sortiment / Assortiment de vis
26 Adapters / Adapter / Adaptateurs	154 Servo arms / Servohebel / Palonniers de servo
31 Serie Adapters / Serielle Adapter / Adaptateurs séries	154 Body clips / Karosserieklemmen / Clips de carrosserie
32 Parallel Adapters / Parallele Adapter / Adaptateurs parallèles	
33 Bind Adapter / Blind Adapter / Adaptateurs bind	Roapex:
35 Connectors / Stecker / Connecteurs	160 1/10 Short Course - Tires / Reifen / Pneus
45 Cables / Kabeln / Câbles	160 1/10 Stadium Truck - Tires / Reifen / Pneus
47 Fans / Lüfter / Ventilateurs	161 1/10 Monster Truck - Tires / Reifen / Pneus
48 Battery & Servo Tester / Akku & Servo Tester / Testeurs d'accus et de Servos	163 1/8 Monster Truck - Tires / Reifen / Pneus
48 Electronic accessories / Elektronik Zubehör / Accessoires électroniques	164 1/8 Buggy & Truggy - Tires / Reifen / Pneus
49 Speed controllers / Fahrtenregler / Régulateurs	165 1/10 Crawler - Tires / Reifen / Pneus
49 Electric Motors / Elektromotoren / Moteurs électriques	
50 RC Cars / RC Fahrzeuge / Voitures RC	KillerBody:
51 Servos / Servos / Servos	167 1/10 Crawler Chassis Kit
56 Gyro / Gyro / Gyro	171 Bodies / Karosserien / Carrosseries
56 Servo arms / Servohebel / Palonniers de servo	182 Body parts / Karosserie Teile / Pièces de carrosserie
58 Servo plugs & cables / Servo Stecker & Kabel / Prises & câbles servo	183 Light kit (LED) / Lichtset (LED) / Set d'éclairage (LED)
67 Sound system / Sound System / Système de sonorisation	185 Body clips / Karosserieklemmen / Clips de carrosserie
68 Light kit (LED) / Lichtset (LED) / Set d'éclairage (LED)	
75 Lubricants / Schmiermittel / Lubrifiant	XXXmain:
76 Bags / Taschen / Sacs	186 Sticker / Aufkleber / Autocollants
77 Tools / Werkzeuge / Outils	186 Paint Mask / Spray Maske / Masque de peinture
78 Pinion and spur gears / Ritzel und Zahnräder / Pignons et couronnes	190 Sticker numbers / Aufkleber nummern / Autocollants numéros
85 Glow igniter / Glühkerzenstecker / Chauffe bougie	191 Internal graphic / Interne Graphik / Autocollants internes
85 Wheel nuts / Radmuttern / Erous de roues	192 Sticker / Aufkleber / Autocollants
87 Body clips / Karosserieklemmen / Clips de carrosserie	195 Accessories / Zubehör / Accessoires
89 Body parts / Karosserie Teile / Pièces de carrosserie	
98 Option parts / Tuningteile / Pièces option	Dubro:
100 Tires / Reifen / Pneus	197 Aircrafts parts / Flugzeugteile / Pièces d'avions
104 Airplane accessory / Flugzeug Zubehör / Accessoires avion	199 Servo horns / Servohebel / Palonniers de servo
	201 Fuel tanks & tubes / Treibstofftank & Spritschlauch / Réservoirs & durites
ZTW:	204 Aircraft wheels / Flugzeugräder / Roues d'avion
107 Electronic Speed Controllers / Fahrtenregler / Variateurs électroniques	209 Aircraft skis / Flugzeugski / Skis d'avion
108 Brushless Motors / Brushless Motoren / Moteurs Brushless	210 Spinners / Spinner / Cônes d'hélices
	212 Accessories and tools / Zubehör und Werkzeuge / Accessoires et outils
Team Magic:	214 Screws range / Schrauben Sortiment / Assortiment de vis
110 RC cars / RC Autos / Autos RC	
125 Bodies / Karosserien / Carrosseries	Excel Tools:
129 Accessories / Zubehör / Accessoires	216 Knives & Cutters / Messer & Cutters / Scalpels & Cutters
129 Tools / Werkzeuge / Outils	222 Tweezers / Pinzetten / Pincettes
131 Bags / Tasche / Sacs	223 Tool sets / Werkzeugsatz / Sets d'outils
	224 Cissors / Schere / Ciseaux
K-Factory:	224 Pliers / Zange / Pinces
132 Option parts / Tuningteile / Pièces option	225 Sanding sticks and files / Schleifstäbe und Feilen / Sticks à poncer et limes
134 Accessories / Zubehör / Accessoires	227 Cutting mats / Schneidematte / Tapis de coupe
134 Lubricants / Schmiermittel / Lubrifiant	227 Diverse tools / Verschiedene Werkzeuge / Outils divers
137 Drift Tires / Drift Reifen / Pneus Drift	
	ZAP:
HARD Racing:	229 Diverse adhesives / Verschiedene Klebstoffe / Colles diverses
138 Tire truer / Reifenschleifmaschine / Tour à pneus	229 CA adhesives / CA Klebstoffe / Colles CA
138 Bags / Tasche / Sacs	231 Epoxy adhesives / Epoxy Klebstoffe / Colles epoxy
142 Tools & Setup station / Werkzeuge & Einstell-Lehre / Outils & Banc de réglage	232 Thread Lock / Schraubensicherung / Frein fillet
142 Starter Boxes / Starterbox / Boîtes de démarrage	
	Joysway:
Fastrax:	233 RC Planes / RC Flugzeuge / Avions RC
143 Accessories / Zubehör / Accessoires	235 RC Race Boat / RC Rennboot / Bateaux de course RC
	241 RC Fishing Boat / RC Fischerboot / Bateaux de pêche RC
	242 RC Sail Boat / RC Segelboot / Voiler RC

BRUSHLESS

Specifications NEOXX SCRAPPER TRUCK (Brushless):

- 1/10 XL Wheelbase 300mm
- Total length 460mm
- Large XL front and rear bumpers
- Body made of durable Lexan Polycarbonate
- LED lights front and rear
- Throttleable motor power via transmitter
- Splashproof onboard electronics
- 3 differentials (front, center, rear) for improved traction
- Aluminum base plate
- Aluminium Shock Tower (Brushless)
- Adjustable oil pressure shock absorbers
- Engine heat sink for improved heat dissipation
- Low friction ball bearings
- 2.4GHz NEOXX Transmitter
- 2.4GHz NEOXX receiver
- ZTW 60A speed controller (T connector)
- HRC RACING 3660 Motor 3300 KV
- Splashproof onboard electronic
- HRC RACING 11.1V 3600 LiPo battery pack
- HRC RACING Balance fast charger
- Max Speed: 75 KM/H

- Maximum speed: 30 KM/H

The NEOXX Scrapper from HRC RACING is an all-wheel drive 4WD monster truck in the size 1:10 XL.

The NEOXX Scrapper features two large sized front and rear bumpers. With installed LED lights, which are located in the front and rear bumper, the night becomes day! The body is made of durable Lexan polycarbonate.

The model is splash-proof for driving fun in all weather conditions!

The inner values are supported by a robust base plate made of high quality aluminum.

3 adjustable oil differentials ensure optimal power distribution between the front and rear axles as well as improved traction. With the differential function, the driving behavior can be adjusted to be milder or more aggressive as required.

The model is equipped with energy-saving ball bearings. Quality tires with high traction give the model very good grip on any surface.

Adjustable oil-pressure shock absorbers provide good damping during jumps and in curves.

For a long life and high performance, electronic components of well-known brands are installed in the NEOXX SCRAPPER. A high voltage level of the supplied batteries provide in addition to longer driving time for maximum acceleration and top speed, which can also be throttled if necessary.

The RTR complete set is delivered with the 2.4 GHz NEOXX FS-G4P transmitter from HRC RACING. The transmitter features all the major trim controls as well as an optional selectable 50% power mode to throttle power if needed. This function gives the driver the possibility to adjust the speed to the driving ability.

With the 240V quick charger batteries can be recharged within a short time.

Spare parts are easily available at any good r/c model shop if needed. NEOXX and HRC RACING wish you a lot of fun with the hobby!

HRC RACING DELRIN MACHINED SPUR GEARS

The TSW spur gears are CNC machined with ultra precision in Europe, in high quality Delrin for an extreme efficiency and ultra low friction.

TSW products, are "Team Secret Weapons" specially designed for competition and used by HRC Team Drivers.

The new LW series - ultra LIGHT WEIGHT version of TSW spur gears - is especially designed for competition in 1/10 Touring Cars category.

Designed for both 3 or 4 screws spur gear holder; our LW series spur gears are compatible with almost all the 1/10 competition cars of the market.

Fits Awesomatix, Xray, Tamiya, Team Magic, ARC, Yokomo, Infinity etc.

HRC RACING DELRIN MACHINED SPUR GEARS FOR XRAY PAN CARS GEAR DIFFERENTIAL

HRC Racing is very happy to introduce a new series of DELRIN machined spur gears especially designed to perfectly fit Xray pan cars with gear differential.

These spur gears are machined with ultra precision in EUROPE, in very lightweight and durable DELRIN material, for an extreme efficiency and ultra low friction.

TSW products, are "Team Secret Weapons" specially designed for competition and used by HRC Team Drivers.

E4D MF 1/10 Scale Electric Drift Car

64%CS
Front Oneway
Straight out of the box

98% factory assembled

Comes with radio , car kit , pre-painted body shell , mounted drift tires , motor ,ESC.

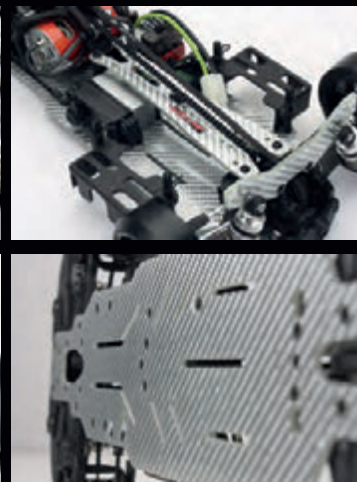

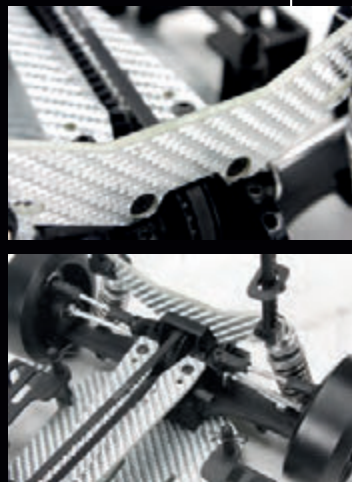

Needed to Complete:

- AA Batteries for Transmitter
- 7.2V NiMH or 7.4V LiPo Battery & Compatible Charger

Specifications:

- Width: 186 - 193mm Adjustable
- Length: 374mm
- Weight: 1480g
- Wheelbase: 256 - 260mm
- Drive Ratio: Front-2.06; Rear-0.8
- Pulley: Lightweight
- Caster Block: 6°

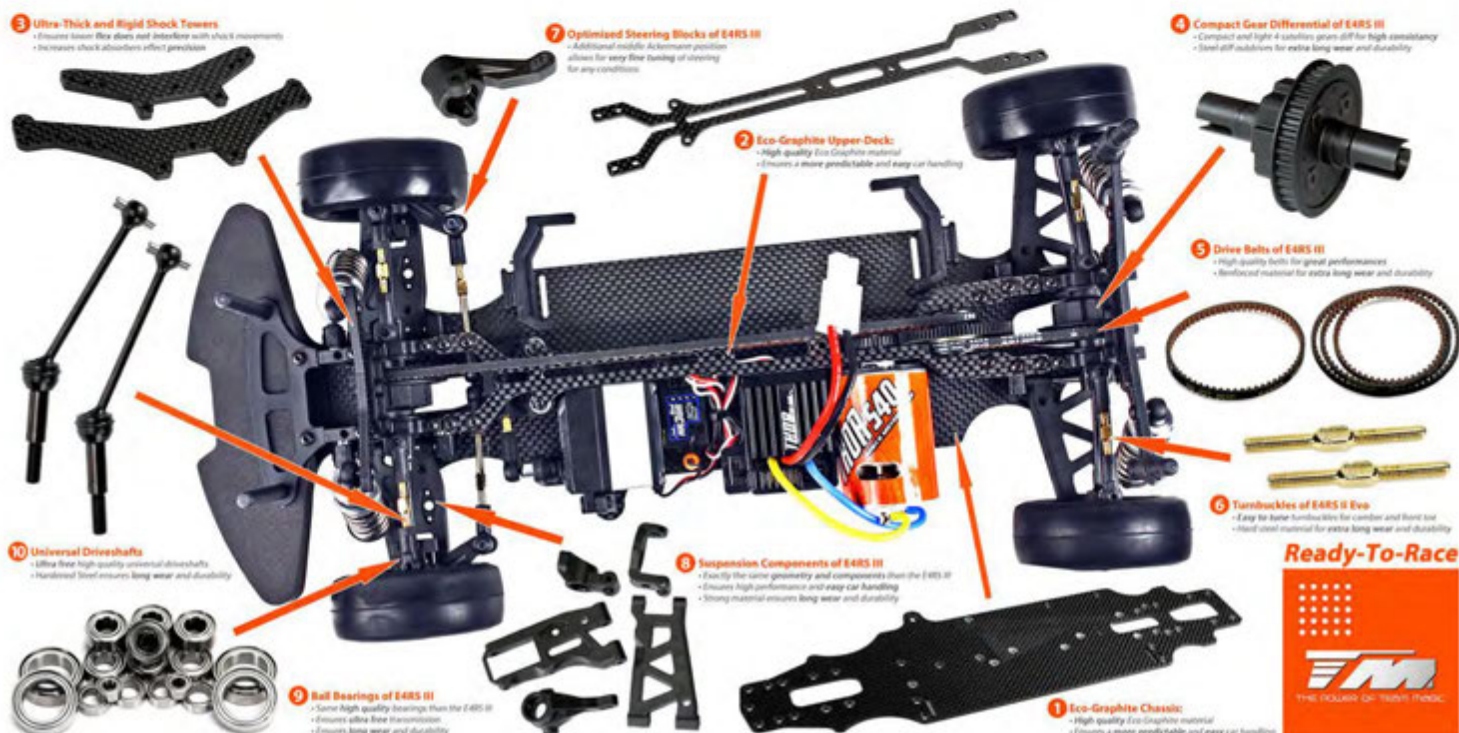

■ All specifications are subject to change without prior notice.

With Team Magic, RTR cars are NO MORE TOYS !
 With the E4JR II, you will get the SAME QUALITY and more than
 60% OF THE COMPONENTS of the TEAM MAGIC race WINNING cars !

50% Of the parts are directly issued from E4RS III Plus !
 10% Of the parts are directly issued from E4RS II Evo !
 Pure RACING DNA inside a RTR car !!

LOWER BULKHEADS

LCG SUSPENSION SYSTEM

LCG shock absorbers have an ultra-low CG big bore design, Teflon-coated shock bodies, and polished/hardened shock shafts for smooth movement. The optimized springs provide balanced performance and excellent handling on medium-grip tracks.

Shock towers made of 3.0mm ECO-Graphite with multiple setting holes for optimal placement of shock absorbers to enhance performance based on track conditions.

MAGIC PERFORMANCE

An ultra-compact gear differential with four composite satellite gears, a double gasket system for a perfect seal, and a durable differential case. The ultra-light hard-coated optimized spur gear holder with standard 48P 80T spur gear provides a good level of durability and perfectly adequate for typical use.

E4 **FWD** 507010 [KIT] 1/10 ELECTRIC RACING CAR

• **HARD PLASTIC BALL
RACED STEERING BELL CRANK**

Hard plastic material is used for the steering bell crank to ensure rigidity, while ball bearings are used on both steering arms and the central link for ultra-fast and precise steering movement without any hard points.

• **LOW FRICTION BELT**

• **HIGH DENSITY FOAM BUMPER**

• **HEAVY DUTY BODY POSTS**

**NUNCHAKU TYPE
UNIVERSAL DRIVESHAFTS**

Double joint CVD driveshafts for vibration-free steering inputs and increased corner speed.

**FRONT BALANCING
CLUMP WEIGHT**

Front balancing ballast weights improve vehicle stability and control while fine-tuning handling for optimal performance.

MERCURY

1:10 High-simulated Remote Control Car-Chassis

MERCURY High-simulated Remote Control Car-Chassis

Different from the traditional crawler chassis, MERCURY is a chassis that pursues the simulation of mechanical structure and driving posture instead of ultimate performance.

Its power system is located in the V-6 engine, and electronic equipment is located in the fuel tank. From its gearbox with two-speed gear shifting function, transfer box with partition transmission system, differential mechanism device with jaw type differential lock, we can better learn about the charm of MERCURY Chassis for off-road vehicle.

Switching and combining the functions, the operators can find its flexible steering radius of the rear drive system, the driving ability and sensitive reaction under different road conditions as well as corner traction performance, all of which are helpful to overcome more obstacles after starting 4WD driving system. It's entirely special driving fun. In the face of ultimate obstacles, its jaw type differential lock will lock, and the power will transmit to the four wheels synchronously, which the vehicle will transform into a crawler. After overcoming obstacles, its differential lock can be unlocked immediately by remote control, and the vehicle will not have any problems such as large turning radius, rigid driving posture, or strong axial effect which straight axis crawler has.

Based on Toyota Land Cruiser 70 and Jeep, MERCURY Chassis is designed to match Killerbody LC70 and Jeep body shell. The front axle is adopted 3-linkage suspension w/coil springs, while the rear axle has two suspension, one is used leaf spring with damper cylinder (fit for Killerbody LC70), another is 4-linkage suspension with damper cylinder (fit for Killerbody Jeep Gladiator Rubicon). No matter how complicated the chassis structure, we must pay tribute to the classic, keeping the faith—posture is the soul of vehicles.

The LiPo battery with the duration of 60 minutes is hidden inside the frame, completely retaining the entire cockpit interior, which can't be found even if looking from the chassis perspective. MERCURY Chassis aims to present driving postures with more gentle speed, rather than fast driving on sand and gravel.

Front suspension:
3-linkage suspension w/coil springs

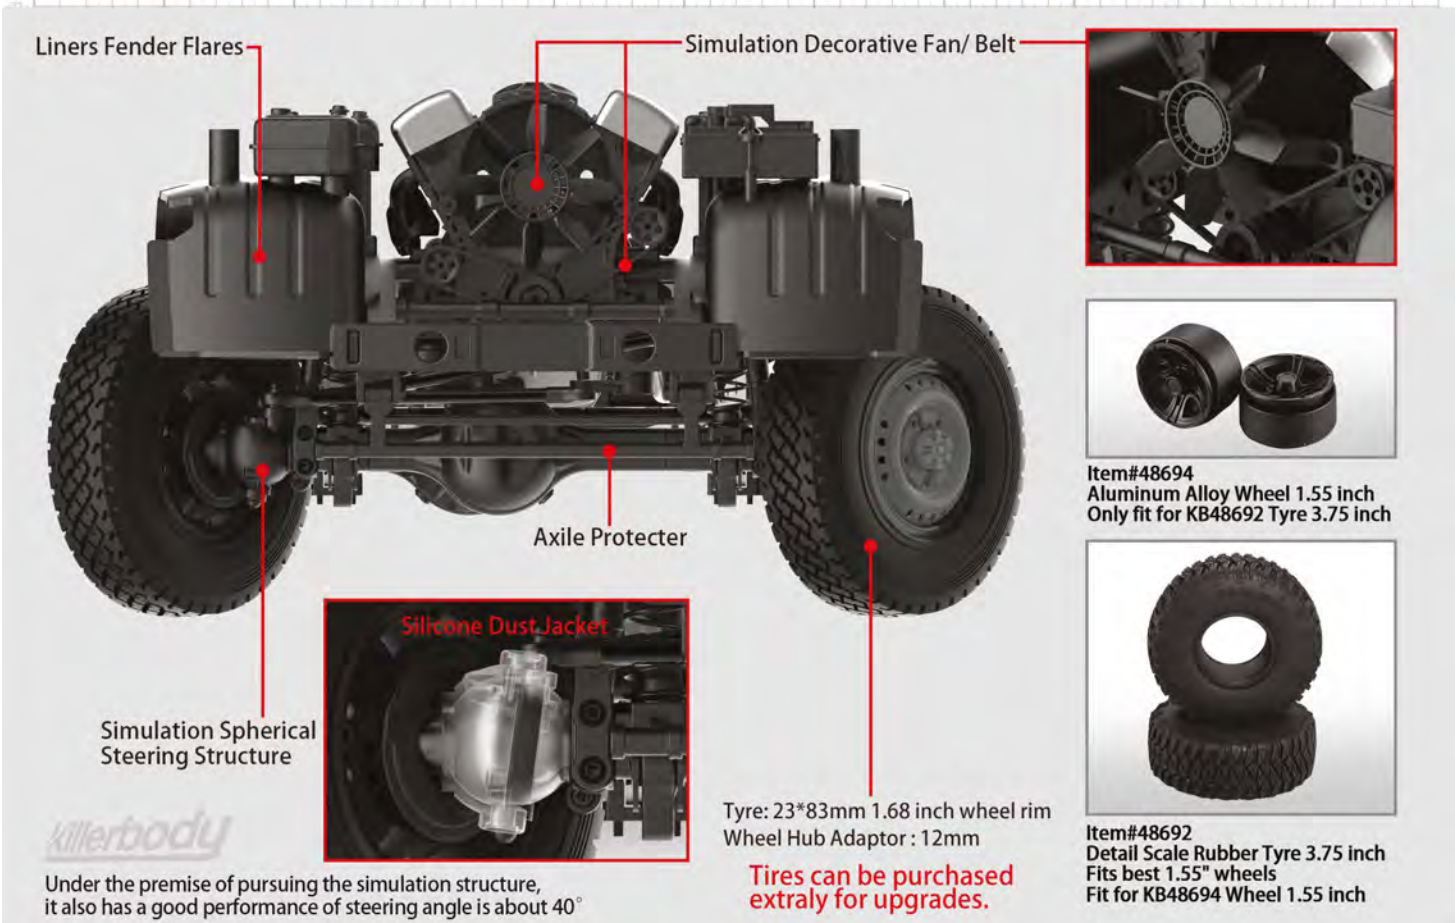

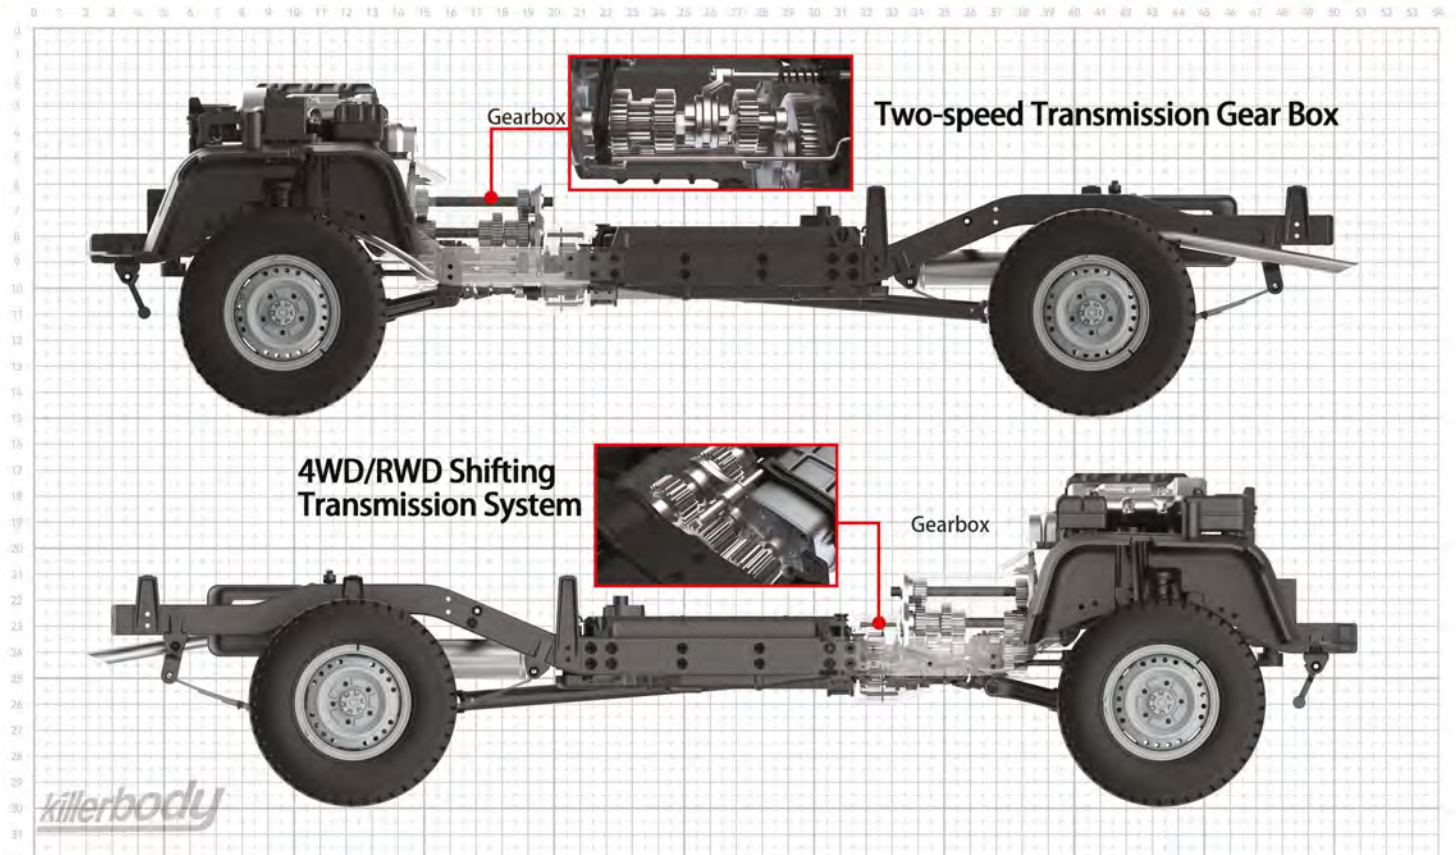

Rear suspension:
Leaf spring w/damper cylinder

DU-BRO

We take great pride in manufacturing our products and we know their importance in your model. The smallest part may seem insignificant...until it fails and countless hours of hard work are lost. DU-BRO products are made to withstand the tough environment they are in and to insure your aircraft, helicopter, car or boat return to you safely.

THIS IS NOT
A TOY

2.4 GHz
FHSS

Durable EPO fuselage and wings

Landing normally or forced landing vertically!
No worry of crash or damage for beginners!

Almost Complete Assembly!

SPECIFICATION:

- Wing span: 1100mm
- Wing Loading: 28g/dm²
- Length: 730mm
- Flying weight: 400g
- Motor thrust power: 300g

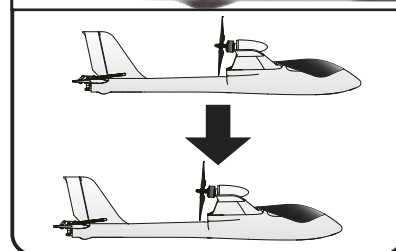

REQUIREMENTS:

- 4pcs "AA" Alkaline Batteries
For Transmitter (Not Included)

INCLUDED:

- Almost complete assembled EPO fuselage and wings
- Outrunner powerful brushless motor
- 12A brushless ESC w/ BEC
- 2 pcs 9g servo and 1 pc 2.5g servo
- 2.4GHz 4CH R/C system
- 7.4V 1200mAh 25C LiPo Pack
- 2S balance charger and DC adapter
- Nylon Propeller (2 pcs)

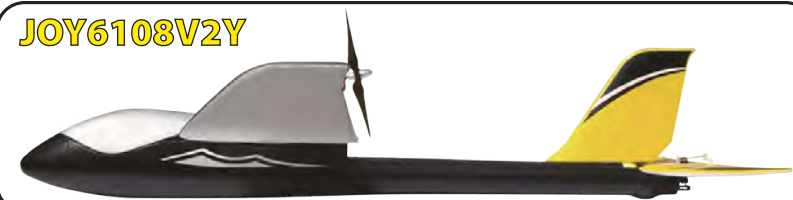

Forced landing vertically

INCLUDED:

- 2.4GHz 2CH Digital Proportional R/C System
- Powerful Water Cooled 180 Motor
- 5A Electronic Speed Controller
- 9g Water Proof Rudder Servo
- 6.4V 320mAh LiFePO4 Pack
- USB Charger With USB DC Power Adapter
- 9V Dry Battery (For Transmitter)
- ABS Boat Stand

SPECIFICATION:

- Hull Length: 220mm
- Total Length: 265mm
- Width: 72mm
- Weight: 170g (RTR)
- Hull material: ABS Injection Molding With Colorful Printing Decal Stickers

RTR Mini Brush F1 Power Boat

- 9V dry battery (For transmitter)
- Two blades nylon propeller
- Shaft Drive System: 2.3mm Flex Cable Drive
- Gift box and polyfoam tray packaging

INCLUDED**

SPECIFICATION:

- Hull Length:368mm
- Total Length:443mm
- Width:172mm
- Weight:600g
- Hull Material :Plastic molded with colorful printing decal stickers

INCLUDED:

- Powerful water cooled 390 brushed motor
- Receiver & 15A water cooled ESC unit
- 9g water proof rudder servo
- 2.4GHz 2CH digital proportional R/C system
- 7.4V 800mAh Li-Ion pack
- 2S balance charger with AC adapter

2.5kg
CAPACITY

Reserved Mounting & Power Port For Fish Finder

Swinging Doors

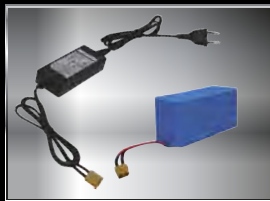

Brushless Motor Power

AUTOPILOT
GPS
500m RADIO RANGE
POWER BATT. INDICATOR

DIMENSION: 600x315x230mm WEIGHT: 4.1 kg

Water Proof Switch

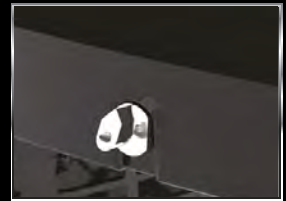

Charging 6.4V 15.6Ah LiFePo battery pack with high current fast AC charger. Read manual for charging details.

2.4GHz bidirectional transmission radio integrated with GPS & power batt. indicator.

Radio control bait release.

Radio control hook release.

GPS Autopilot

INCLUDED:

Bait Boat
Boat Bag
High Current Fast AC Charger
6.4V 15.6Ah LiFePo Battery Pack
2.4GHz 500m Range Radio System
Integrated With GPS Autopilot
(Required 4 AA Alkaline Batteries)

FUNCTIONS:

2.5KG Bait Hopper Capacity
3 Meters/Second Boat Speed
Radio Control Baiting & Hook Release
2.4GHz Radio With Power Batt. Indicator
2 Hours Continuously Driving Per Batt. Charge
Reserved Mounting & Power Port For Fish Finder
GPS Autopilot: One Button Return & 4 Fishing Spots Marking
Front / Rear LED Navigation Lights With Low Voltage Warning

RTR Micro Sailing Yacht

JOY8802

INCLUDED:

- 2.4GHz 2CH Digital Proportional R/C System
- 9g Water Proof Rudder Servo X 2pcs
- 3 X AAA Batteries Box For Receiver
- Display Stand

9g Water Proof Rudder Servo X 2pcs

3 X AAA Batteries Box For Receiver
(Batteries Not Included)

Caribbean

SPECIFICATION:

- Length: 260mm
- Width: 90mm
- Mast Height: 320mm
- Overall Height: 435mm
- RTR Total Weight: 160g

REQUIREMENTS:

- 4pcs of AA batteries for Transmitter (Not included)
- 3pcs of AAA batteries for Receiver (Not included)

ORION^{v2} RTR Sailboat

REQUIREMENTS:

8pcs AA Alkaline Batteries
for transmitter and
receiver (Not included)

EASY ASSEMBLY

SPECIFICATIONS:

- Total Length: 465mm
- Width: 150mm
- Mast Height: 637mm
- Overall Height: 920mm
- Sail Area (Main): 7.39 dm²
- Sail Area (Jib): 3.78 dm²
- Sail Area (Overall): 11.17 dm²
- Fiberglass pipe mast and booms
- Zinc alloy ballast and plastic molded keel
- Plastic molded boat stand
- Servo: 37g standard sail servo and 9g rudder servo
- Radio: 2.4G 4CH digital proportional radio control system
- Hull Material: Plastic molded hull (colorful decal stickers and painting)
- RTR Total Weight: 950g

FLEXIBLE, FAST, STABLE SAILING !

SPECIFICATION:

- Length: 400 mm
- Width: 255 mm
- Mast Height: 565 mm
- Total Height: 710 mm
- RTR Total Weight: 360g
- Jib Sail Area: 2.6 dm²
- Main Sail Area: 5.3 dm²
- Sail Area (Overall): 7.9 dm²
- Hull Material: Plastic Molded Hull
With Colorful Printing Decal Stickers

REQUIREMENTS:

- 4 pcs "AA" Alkaline Batteries for Transmitter (Not Included)
- 3 pcs "AAA" Alkaline Batteries for Receiver (Not Included)

INCLUDED:

- Binary Micro Catamaran Sailboat Kit
- 2.4GHz 2CH Digital Proportional Radio Control System
- Powerful Rudder 9g Servo and Sail 9g Servo
- Battery Box & On/Off Switch For Receiver
- Twin Plastic Keel And Twin Plastic Rudder
- Jib Sail, Main Sail
- Fiber Mast And Plastic Molded Booms
- Plastic Display Stand

Battery Box For Receiver
3 pcs "AAA" Alkaline
Batteries (Not Included)

Powerful Rudder 9g
Servo and Sail 9g Servo
(Pre-Installed)

SPECIFICATION:

- Length: 950 mm
- Width: 125 mm
- Rig height: 1050 mm
- Overall height: 1470 mm
- RTR total weight: 2000 g
(Batteries not included)
- Sail area(Mainsail): 2314 cm²
- Sail area(Jib): 1422 cm²
- Sail area(Overall): 3736 cm²
- Hull material: Moulded plastic
with painted finish and logo sticker

SPARE PARTS AVAILABLE:

REQUIREMENTS:

- 4pcs "AA" Alkaline Batteries for Transmitter (Not included)
- 4pcs "AA" Alkaline Batteries for Receiver (Not included)

INCLUDED:

- Fully painted, moulded plastic hull
- 50 micron Mylar film racing sails with printed flow stripes and logo
- Carbonfibre mast and boom tubes
- Moulded carbonfibre keel with zinc alloy ballast bulb
- Metal geared rudder servo and fast, powerful sail winch
- 2.4GHz 4CH digital proportional transmitter (for RTR only)
- 2.4GHz 4CH receiver (for RTR only)
- Display stand (moulded plastic and glassfibre tubes)

FOCUS II RTR Racing Yacht

JOY8812

SPECIFICATION:

- Total Length: 995 mm
- Width: 170 mm
- Mast Height: 1578 mm
- Overall Height: 2046 mm
- RTR Total Weight: 3450 g
- Sail Area(Jib): 15.88 dm²
- Sail Area(Main): 36.85 dm²
- Sail Area(Overall): 52.73 dm²
- Hull Material: Plastic Hull With Painting Finished
- Mast And Boom Material: Carbon Fiber Tube

REQUIREMENTS:

- 4pcs "AA" Alkaline Batteries for Transmitter (Not included)
- 4pcs "AA" Alkaline Batteries for Receiver (Not included)

INCLUDED:

- Hull With Graphic And Assembly Finished
- 2.4GHz 4CH Digital Proportional Radio Control System
- 10KG Metal Gear Powerful Sail Winch Servo
- Metal Gear Rudder Servo
- Zinc Alloy Ballast and Plastic Moulded Keel
- Battery Box & On/Off Switch For Receiver
- Display Boat Stand

dragonFORCE 65

RTR Racing Sailboat

JOY8815

SPECIFICATION:

- Length: 650 mm
- Beam: 116.5 mm
- Rig height: 915 mm
- Overall height: 1338 mm
- RTR total weight: 1200 g (Batteries not included)
- Sail area(Mainsail): 1460 cm²
- Sail area(Jib): 766 cm²
- Sail area(Overall): 2226 cm²
- Hull material: Moulded ABS with painted finish and logo sticker

REQUIREMENTS:

- 4pcs "AA" Alkaline Batteries for Transmitter (Not included)
- 4pcs "AA" Alkaline Batteries for Receiver (Not included)

INCLUDED:

- Fully painted, moulded ABS hull
- 50 micron Mylar film racing sails with printed flow stripes and logo
- Extruded carbonfibre mast and boom tubes
- Extruded aluminium keel with zinc alloy ballast bulb
- Metal geared digital rudder servo and fast, powerful sail winch
- 2.4GHz 4CH digital proportional transmitter (RTR version 8815 only)
- 2.4GHz 4CH receiver (RTR version 8815 only)
- Display stand (moulded plastic and glassfibre tubes)
