DUO

For those who want an AC/DC charger and don't need the fastest charge - especially for smaller capacity batteries

Go for the Clubman when you need an inexpensive NiMH charger with discharge function.

Inexpensive allround charger for NiMH, LiPo and LiFe batteries. Balancer and discharge function included.

High-end charger for up to 10 cells NiMH or 4S LiPo/LiFe. All you need for Hobby and Racing applications.

A must for all of those who need to charge more than 4S LiPo/LiFe or more than 10 cells NiMH.

For everyone who wants minimal charge and discharge times and wants to charge/discharge 2 batteries in one go!
